

Nine Inch Nails

Head like a hole

god money i'll do anything for you.
god money just tell me what you want me to.
god money nail me up against the wall.
god money don't want everything he wants it all.

Bridge:

no you can't take it
no you can't take it
no you can't take that away from me
no you can't take it
no you can't take it
no you can't take that away from me

head like a hole.
black as your soul.
i'd rather die than give you control.
head like a hole.
black as your soul.
i'd rather die than give you control.

Chorus:

bow down before the one you serve.
you're going to get what you deserve.
bow down before the one you serve.
you're going to get what you deserve.

god money's not looking for the cure.
god money's not concerned with the sick amongst the pure.
god money let's go dancing on the backs of the bruised.
god money's not one to choose

Chorus

you know who you are.

Something i can never have

i still recall the taste of my tears.
echoing your voice just like the ringing in my ears.
my favorite dreams of you still wash ashore.
scraping through my head 'till i don't want to sleep anymore.

Chorus: come on tell me.
make this all go away.
you make this all go away.
i'm down to just to thing.
and i'm starting to scare myself.
make this all go away.
you make this all go way.

i just want something.
i just want something i can never have
you always were the one to show me how
back then i couldn't do the things that i can do now.
this is slowly take me apart.
grey would be the color if i had a heart.
i just want something i can never have.
in this place it seems like such a same.
though it all looks different now,
i know it's still the same
everywhere i look you're all i see.
just a fading fucking reminder of who i used to be.

Chorus

i just want something.
i just want something i can never have
i just want something i can never have
think i know what you meant.
that night on my bed.
still picking at this scab
i wish you were dead.
you sweet and perry ellis.
just stains on my sheets.

The only time

i'm drunk.
and right now i'm so in love with you.
and i don't want to think too much about what we should or shouldn't do.
lay my hands on Heaven and the sun and the moon and the stars.
while the devil wants to fuck me in the back of his car.

Chorus: nothing quite like the feel of something new.
maybe i'm all messed up.

maybe i'm all messed up.
maybe i'm all messed up in you.
maybe i'm all messed up.
maybe i'm all messed up.
maybe i'm all messed up.
maybe i'm all messed up in you.
maybe i'm all messed up.
this is the only time i really feel alive.
this is the only time i really feel alive.

i swear.
i just found everything i need.
the sweat in your eyes the blood in your veins are listening to me.
well i want to drink it up and swim in it until i drown.
my moral standing is lying down.

You Know What You Are?

I tried to stick myself through try to get to the other side
I had to patch up the cracks and the holes that i had to hide
For a little bit of time even made it work (ok)
Just long enough to really make it hurt
When you figured me out and it all just rotted away

[Chorus]

Don't you fucking know what you are? *[x3]*
Com'on get back to where you belong!

You better take a good look 'cause I'm full of shit
With every bit of my heart I've tried to believe
You can dress it up, you can try to pretend
But you can't change anything in the end

[Chorus]

Remember where you came from, remember what you are

I'm becoming less to find as days go by
Fading away
Well you might say
I'm loosing focus
Kind adrifting into the abstract in terms of how I see myself

Sometimes I think I can see right through myself [x3]

Less concerned about fitting into the world
Your world that is
Because it doesn't really matter
(no it doesn't really matter anymore)
None of this really matters anymore

Yes I'm alone but then again I always was
As far back as I can tell
I think maybe it's because you never were really real to begin with
I just made you up to hurt myself [x6]
And it worked.
Yes it did!

[Chorus]

There is no you
There is only me
There is no you
There is only me
There is no fucking you
There is only me
There is no fucking you
There is only me

Only [x3]

The tiniest little dot caught my eye and it turned out to be scab and I had this funny feeling
Like I just knew it was something bad
I just couldn't leave it alone, picking at that scab
Was a doorway trying to seal itself shut
But I climbed through

Now I am somewhere I am not supposed to be, and I can see things I knew I really Shouldn't see
And now I know why (yea now I know why)
Things aren't as pretty
On the inside

Sunspots

Sunspots cast a glare in my eyes
Sometimes I forget I'm alive
I feel it coming and I've gotta get out of its way
I hear it calling and I come 'cause I can't disobey
I should not listen and I shouldn't believe
But I do
Yes I do

[Chorus]

She turns me on
She makes me real
I have to apologize
For the way I feel

My life, it seems has taken a turn
Why in the name of god would I ever want to return
Peel off our skin we're gonna burn what we were to the ground
Fuck in the fire and we'll spread the ashes around
I wanna kill away the rest of what's left and I do
Yes I do

[Chorus]

And nothing can stop me now
There is nothing to fear
And everything I'd ever want
Is inside a tear

Now I just stare into the sun
And I see everything I've done
I think I could've been someone
But I can't stop what has begun
When everything is said and done
And there is no place left to run
I think I used to be someone
Now I just stare into the sun

Getting Smaller

Getting a little bit irradic here
And I don't know who to trust
I guess it got away (you're reading my mind)
I guess I've got to adjust
I've got my arms a-flip-flop-flip-flop-flip
I got my head on spring
And I thought I got you on my side
I havn't got fuckin anything

[Chorus]

I'm just a face in the crowd
Nothing to worry about
Not even trying to stand out
I'm getting smaller and smaller and smaller and
I got nothing to say
Its all been taken away
I just behave and obey
I'm afriad im starting to fade away

I can hardly see through the cracks (when i press up on the wall)
I'm not looking to stand up real high (id be happy to crawl)
I think I'm loosing my grip (but i can still make a fist)
You know I've still got my one good arm and i can beat-i can beat myself up with it!

[Chorus]

And for what it was worth
I really used to believe
That maybe there was one great thing
We could achieve
Now I can't tell the difference between what I've been trying soo hard to see, and what appears to
Be real

Fading away *[x4]*

My world is getting smaller everyday (and thats ok) [repeat fade out]
