

Offspring

"Beheaded"

Mommy doesn't have her head anymore
Keep it underneath my bed on the floor
That's alright though
That's ok
She never really used her head anyway

Daddy called me a silly bore
Bet he wont say that anymore
Because the way his body's severed in two
His vocal chords are gonna be hard to use

[CHORUS]

Beheaded
Watch you spurt like a garden hose
Beheaded
Bloody mess all over my clothes

Watch my girlfriend come to the door
Chop off her head, she falls to the floor
Watching my baby's jugular flow
Really makes my motor go

Wrap a towel around the bloody stump
Take my baby's body to the city dump
Then wipe the mess off the bloody axe
Scoop all the heads in my burlap sack

[CHORUS]

All my collection
Adorns my rooms on bamboo poles
Used to be a little
But a little got more and more
Now I'm craving yours

Night brings bad dreams
Bad dreams and guillotines

Off with her head

Find another victim for my machine
Put him in a homemade guillotine
Blade falls, gonna need a casket
Watch the head plop in a wicker basket

Leave the house at a quarter to four
Come back with sixteen or more
Cause the more I want, the more I see
Got a funny feeling coming over me

THE OFFSPRING LYRICS

"Elders"

When we younger
There always seemed like some
Some perfect mold
That we're supposed to be
But now we're growing up and
I see it's just not that way
Now I feel like someone's lied to me

Cause I've been true
Made good for you
And now I feel used
I'm asking you
How does it feel
How does it feel
How does it feel
To be like you

Tell me now elders
What were your reasons for
Making it seem
Like you were so much more
If you want to feel good
Because of our accomplishments
Why the fuck
Don't you just do it yourself

Cause I've tried
Man I've tried
While you all lied
So now just tell me
How does it feel
How does it feel
How does it feel
To be like you

Look at all the families now
Who don't talk and don't trust
Because of the way
That things have been done
When will you finally learn
To leave out the bullshit
And just be straight with us

"Kill The President"

In a world without leaders, who'd start all the wars?
The world that your saving, will always be your's.

[Chorus]

Kill the President, listen to the voice of reason
Unify with that single line
Stop the man with the power of the government
A leader's not the center of democracy

In a world without leaders, who'd make people starve,
the world that we're saving, will always be ours.

Everyone says "Well maybe i'll make a difference",
Thinking they've got plenty of time
But you're squeezed a little tighter everyday
Finished before you can commit a crime

In a world without leaders, who'd start all the wars?
The world that your saving, will always be your's.

[Chorus]

Kill the President, listen to the voice of reason
Unify with that single line
Stop the man with the power of the government
A leader's not the center of democracy

"America, all your enemies come from within,
But you lash out so it is seen
Like some frightened child in an angry world
Or the fall of Rome
Your demise comes from your own
Your own hands!"

In a world without leaders, who'd start all the wars?
The world that your saving, will always be your's.

In a world without leaders, we might have a chance.
But we'll never see it, as long as there's...
Kill the president, kill the president,
Kill the president, kill the president,
Kill the president, kill the president now!

"Session"

AH FUCK! FUCK FUCK FUCK!

I don't know when it got this way
I don't know how long she's gonna stay
Every week it's the same in her room
That's why I came
Here I go, with you again
Our rendezvous never seem to end
I know where I'll be, I'll make this confession
Back in her bed for another goddamn

[Chorus]

(Session) I'll never learn
(Session) God knows I try
(Session) Keep coming back for session and I don't know why
(Session) I'll never learn
(Session) I'll never see
(Session) Just tell me why these sessions got a hold on me

Some might say it's a fling
For all I know it don't mean a thing
Either way I can't complain
Ain't no strings
Guess I got it made
Here I go, I go again
Our rendezvous never seem to end
I know where I'll be
I'll make this confession
Back in her bed for another goddamn

[Chorus]

[Repeat]

"Hypodermic"

When you're feeling low
Hypodermic's where you go
When you're with yourself
You wish you could be someone else

[CHORUS]

Can't you see like you saw anymore?
Can't you feel like you felt before?
Can't you face anything anymore?
When life's a waste

Run away
Your life's a waste
Run away

Once you get a ride
Doesn't matter where you lied
Once you shoot it in
Doesn't matter who you've been
You're reeaching in but you don't know where to begin
All your dance and song won't matter when you're gone

"Burn It Up"

I think I'm burning up inside
I think I'll take a little ride
I'm gonna light up everything in sight
I'll drive on by your yard
And throw a Molotov cocktail at your car
Then another one in the local bar

[Chorus]

Ignition
They call it an obsession but I think it's kinda bitchin'
I think it's kinda neat
Yeah, I'm a pyro
I wanna burn it up
Yeah, I'm a pyro

Tonight this 'hood will be a pyre
I'm gonna set your house on fire
I'll dance around the pretty flames
Such a wonderful game!

[Chorus]

I want to make a tiki torch
I'm gonna throw it on your porch
Then I'm gonna run away
And come back another day
So many houses, so little time
So many reasons, I'm not a crime
I'd like to set you up
I'd like to set you up

"No Hero"

Once you said you'd stick to it until the end
I guess you lied, the call it suicide
Now you're gone
What was so wrong that you couldn't find a way to carry on?
Second guess
Did I do my best?
There was a friend I had

[CHORUS]

Johnny was a weirdo
So what did you expect?
I ain't no fucking hero
I'm just trying to survive myself

I should have known you went through it alone
I wonder why did you even try?
You could have come to me
I would have helped you see
You could have found a way to carry on
Second guess
Did i do my best?
There was a friend I had...

[CHORUS]

Johnny's strange behavior was a tip-off, they say
But I ain't no fucking savior
I'm just living day by day

Little things, little lives hanging 'til the end
I say it doesn't really mean nothing
Telling truth, telling lies
I used to have a friend
I say it don't really mean nothing
And I can't let this feeling go
Let this feeling go
Let this feeling go

"L.A.P.D."

When cops are taking care of business I can understand
But the L.A. story's gone way out of hand
Their acts of aggression, they say they're justified
But it seems an obsession has started from the inside
They're shooting anyone who even tries to run
They're shooting little kids with toy guns

Take it to a jury but they don't give a damn
Because the one who tells the truth is always the policeman

[Chorus]

Beat all the niggers
Beat whoever you see
Don't need a reason
(We're) L.A.P.D.

The city of L.A. feels like a prison
With helicopters overhead and bullets whizzing by
Martial law ain't no solution
Police brutality's just social pollution

Beat all the white trash
Beat whoever you see
Don't need a reason
(We're) L.A.P.D.

They say they're keeping the peace
But I'm not buying it because a billy club ain't much of a pacifier
"Protecting your freedom"
Now that's just a lie
It's an excuse for power that's more like an alibi
Law and order doesn't really matter
When you're the one getting bruised and battered
You take it to a jury, they'll throw it in your face
Because justice in L.A. comes in a can of mace

"Nothing From Something"

Things are coming down on me
They never seem to let it be
It seems like everything I say just starts another fight
The pressure's building up inside
I gotta let it out tonight
Shattered glass will cure my ills and make me feel alright

[CHORUS]

Gonna break it
And never stop running
Making nothing from something
Making nothing from something

Cut me for the lion's share
It's mindless, but I don't care
'Cause no matter what I say
I'm in a another fight
Take more shit, I've had enough
Tonight I'm gonna rip it up

Broken windows cure my ills and make me feel alright

"Bad Habit"

Hey man you know I'm really okay
The gun in my hand will tell you the same
But when I'm in my car
Don't give me no crap
Cause the slightest thing and I just might snap

When I go driving I stay in my lane
But getting cut off it makes me insane
I open the glove box
Reach inside
I'm gonna wreck this fucker's ride

[Chorus:]

I guess I got a bad habit
Of blowin' away (Yeah, Yeah)
I got a bad habit (Yeah, Yeah)
And it ain't goin' away (Yeah, Yeah)
Yeah (Yeah, Yeah)
Yeah (Yeah, Yeah)

Well they say the road is a dangerous place
If you flip me off I'll get in your face
If you drive on my ass
Your foot's on the gas
And your next breath is your last

[Chorus]

Drivers are rude
Such attitudes
But when I show my piece
Complaints cease
Something's odd
I feel like I'm god
You stupid dumbshit goddam motherfucker!

I open the glove box
Reach inside
I'm gonna wreck this fucker's ride

[Chorus]

"Genocide"

Our lives run different ways
Through the rain I see you in the sun
Our star shines anyway
If you wish upon it we are one

One, two, three, four!

[Chorus:]

Dog eat Dog
Every day
On our fellow man we prey
Dog eat Dog
To get by
Hope you like my genocide

I find it such a shame
Through the pain I see things as they are
We're served up on a plate
The pedestal is high enough to fall
And if in time
We can see the errors of our ways
Would anyone change it anyhow
Our time is up

One, two, three, four!

[Chorus x2]

I bet you'd only run
If you saw what goes inside our own
I bet you'd lead the way
If it were up to you decide
But it's not

[Chorus x2]

Like a silver flame
Like a suicide
Like a killing boy
One, two, three, four!

"Killboy Powerhead"

[Originally by Didjits]

He's a pistol grip
And a lightning rod hammer step

He always busts his knuckles
When he's wrenchin' up his shit
He just a Killboy Powerhead...yeah
You know I saw his woman
She was writing his name in blood
You know I saw his woman
Hard as a rock
She said she was his baby
Who looked just like the Hoover Dam
You know I saw his woman
Hard as a rock
He just a Killboy Powerhead
Killboy Powerhead
Killboy Powerhead
Killboy Powerhead...yeah
