

THE USED LYRICS

"Bulimic"

From the way that you acted
to the way that I felt it
It wasn't worth my time
and now it's sad cause all I missed
wasn't that good to begin with
and now that I've started you begging
saying things that you don't mean
it isn't worth my time
a line's a dime a million times
and I'm about to see all of them

Goodbye to you, goodbye to you, you're taking up my time [x3]
Goodbye to you, goodbye to you

You call my name when I wake up
to see things go your way
I'm coughing up my time
each drag's a drop of blood a grain
a minute of my life
it's all I've got just to stay down
why the fuck am I still down
I'm hoarding all that's mine
each time I let just one slip by
I'm wasting what is mine

Goodbye to you, goodbye to you, you're taking up my time [x3]
Goodbye to you, goodbye to you

My time [x3]

I'm about to see a million things
I thought I'd never see before and I
I'm about to do all of the things
I've dreamed of and
I don't even miss you at all
[x2]

Goodbye to you, goodbye to you, you're taking up my time [x7]
Goodbye to you, goodbye to you

"Poetic Tragedy"

The cup is not half empty as pessimists say
As far as he's sees, nothing's left in the cup
A whole cup full of nothing for him to indulge
Since the voice of ambition has long since been shut up

A singer, a writer, he's not dreaming now of going nowhere
He gave heed to nothing, and all that he was...
Is just a tragedy

So he voyages in circles
Succeeds getting nowhere
And submits to the substance
That first got him there

Then in violent, frustration, he cries out to God or just no one
Is there a point to this madness and all that he was...
Is just a tragedy

He feels alone
His heart in his hand
He's alone
He feels alone
I feel...

Then on that last day he breaks
And he stood tall
And he yelled... and he takes his life

"Buried Myself Alive"

you almost always pick the best times
to drop the worst lines
you almost made me cry again this time
another false alarm
red flashing lights
well this time I'm not going to watch myself die
I think I made it a game to play your game
and let myself cry
I buried myself alive on the inside
so I could shut you out
and let you go away for a long time

I guess it's ok I puked the day away
I guess it's better you trapped yourself in your own way
and if you want me back

you're gonna have to ask

I think the chain broke away
and I felt it the day that I had my own time
I took advantage of myself and felt fine
but it was worth the night
I caught an early flight and I made it home

I guess it's ok I puked the day away
I guess it's better you trapped yourself in your own way
and if you want me back
you're gonna have to ask
nicer than that
nicer than that

with my foot on your neck
I finally have you
right where I want you

I guess it's ok I puked the day away
I guess it's better you trapped yourself in your own way
and if you want me back
you're gonna have to ask
nicer than that
nicer than that
and if you want me back
you're gonna have to ask
nicer than that
nicer
nicer

"A Box Full Of Sharp Objects"

It's our time to shine through the down
Glorified by what is ours
We've fallen in love
We've fallen in love
It was the best idea I ever had

Today I fell and felt better
Just knowing this matters
I just feel stronger and sharper
Found a box of sharp objects what a beautiful

Today I fell and felt better
Just knowing this matters

I just feel stronger and sharper
Found a box of sharp objects what a beautiful thing

Today I fell and felt better
Just knowing this matters
I just feel stronger and sharper
Found a box of sharp objects what a beautiful thing

Do you want a song of glory
Well I'm fucking screaming at you

It's our time to shine through the down
Glorified by what is ours
We've fallen in love
We've fallen in love
It was the best idea I ever had

Today I fell and felt better
Just knowing this matters
I just feel stronger and sharper
Found a box of sharp objects what a beautiful

Today I fell and felt better
Just knowing this matters
I just feel stronger and sharper
Found a box of sharp objects what a beautiful thing
Found a box of sharp objects what a beautiful thing
Found a box of sharp objects what a beautiful thing

"On My Own"

See all those people on the ground
Wasting time
I try to hold it all inside
But just for tonight
The top of the world
Sitting here wishing
The things I've become
That something is missing
Maybe I...
But what do I know

And now it seems that I have found
Nothing at all
I want to hear your voice out loud
Slow it down, slow it down
Without it all
I'm choking on nothing

It's clear in my head
And I'm screaming for something
Knowing nothing is better than knowing at all

On my own [x6]

Without it all
I'm choking on nothing
It's clear in my head
And I'm screaming for something
Knowing nothing is better than knowing at all

"Pieces Mended"

Being faced with what I'm faced with I feel
Like I can't rock
Like a rock hit my heart
Started to chain the day
And exploded into pieces

Marry me
Stay the same
Lie to me and try to say you never will
[x2]

I've got a feeling in my gut now fills me
With so much hope
Said fuck it I'm fine
Dine and dashed
The pianist peddled into morning, morning

Marry me
Stay the same
Lie to me and try to say you never will

Marry me
Stay the same
Lie to me and try to say you never

Morning [x4]

Being faced with what I'm faced with I feel
Like I can't rock
Like a rock hit my heart
Started to chain the day
And exploded into pieces

Pieces[x6]

(Being faced with what I'm faced with I feel
Like I can't rock
Like a rock hit my heart
Started to chain the day
And exploded into pieces)
[Sung in the background]

"Choke Me"

As of now I'm down straight up
And I can turn to the box for some peace
Or a box for a piece
Or a box for a smoke
But they're all gonna choke me
[2x]

You're so crazy *[3x]*
Enough in a way that I'll probably say you destroyed me

It's like a fucking drug deal
I'm sitting here waiting
I'm calling you back
and you won't call me back
and it's fucked up, but at the same time it just made me want you even worse.

For awhile I was cleaner than now
Then I started to destroy myself
With things that I love now the things that I hate
Until it finally broke me

You're so crazy *[3x]*
Enough in a way that I'll probably say you destroyed me

Fuck my ass *[x2]*
Choke me *[x3]*

As of now I'm down straight up
And I can turn to the box for some peace
Or a box for a piece
Or a box for a smoke
But they're all gonna choke me

You're so crazy *[3x]*
Enough in a way that I'll probably say you destroyed me

"Take It Away"

Life's greatest questions have always been: Who am I? Where did I come from? Why am I here? Where am I

going? You are about to see and hear one of the most significant messages given to us from God.

Get down
Wooooooo!
Get down

I'm lying to myself
And this dagger's my excuse
I'm a pawn
I Should have paid up
And I left an hour late
I was laid up

I must abuse myself
I'm against all that I've made up
Set in stone the sun will come
And I hate light
You know I hate light
To me it looks so pretty burning

Burn the sun
Burn the light
Take take take take take take it away
Take my hand
Take my life
Take take take take take take it away

I must have caught something
In the heat of all these dances
I'm a worm with no more chances
And I've lost all doubt
In a chemical romance

I can't stop itching
over thoughts of tarnished hope
kinda funny
lonely feeling
I'm not in love
You know it's not love
Don't make it look so pretty burning

Burn the sun
Burn the light
Take take take take take take it away
Take my hand
Take my life
Take take take take take take it away

Burn the sun
Burn the light
Take take take take take take it away
Take my hand
Take my life
Take take take take take take it away

Brothers and sisters
I'm right here with you
Cause everyone's got one
A story to kill me
I'm so apathetic in my resentment
Living, loving, knowing not

Take my hand [x8]
Take my life
Take my heart take my mind
Take my life take my life

Burn the sun burn the light
Take take take take take take it away
Take my hand take my life
Take take take take take take it away
Burn the sun burn the light
Take take take take take take it away
Take my hand take my life
Take my life
Take my life

"Let It Bleed"

This poison's my intoxication
I broke the needle off in my skin
picked the scabs and picked the bleeding
and assumed that it was all in vain
A positive scab that's never healing
Calloused hit me in the face
A burning bridge that's so misleading
Poison's more potent now with the flame

Let it bleed
Take the red for what it's worth woah
Watch the fire
Fill your lungs with smoke for the last time
If you feel like dying you might wanna sing

The fire department couldn't drown the city
They didn't even try to wash it clean
And what did you think that I was sober?
Put me out cause I'm on fucking fire
A positive scab that's never healing
Regret that I kept this clean
The most that I can do for you is keep on lying
It's not a lie if you can let it sing

Let it bleed
Take the red for what it's worth woah

Watch the fire
Fill your lungs with smoke for the last time
If you feel like dying you might wanna sing!

Ohoh you might wanna sing
Ahaha you might wanna sing
Hahah you might wanna sing
Hahahaha sing!
You might wanna sing!
You might wanna sing!
You might wanna sing or scream at...

This poison's my intoxication
I broke the needle off in my skin
Picked the scabs and picked the bleeding
yeah assumed that it was all in vain

Let it bleed
Take the red for what it's worth, woah
Watch the fire
Mamma fill your lungs with smoke for the last time
If you feel like dying
If you feel like dying
If you feel like dying, You might wanna sing
Hahaha You might wanna sing
Haha You might wanna sing
Ha you might wanna sing or scream at...

"All That I've Got"

So deep that it didn't even bleed and catch me
Off guard, red handed
Now I'm far from lonely
Asleep I still see you lying next to me
So deep that it didn't even bleed and catch me I..

I need something else
Would someone please just give me
Hit me, knock me out
And let me go back to sleep
I can laugh
All I want inside I still am empty
So deep that it didn't even bleed and catch me I..

I'll be just fine
Pretending I'm not
I'm far from lonely
And it's all that I've got

I'll be just fine

Pretending I'm not
I'm far from lonely
And it's all that I've got

I guess, I remember every glance you shot me
Un-harmed, I'm losing weight and some body heat
I squoze so hard
I stopped your heart from beating
So deep that I didn't even scream fuck me, I..

I'll be just fine
Pretending I'm not
I'm far from lonely
And it's all that I've got

I'll be just fine
Pretending I'm not
I'm far from lonely
And it's all that I've got

And it's all that I've got
Yeah, it's all that I've got
It's all that I've got
It's all that I've got
It's all that I've got!

So deep that it didn't even bleed and catch me
So deep that I didn't even scream fuck me

I'll be just fine
Pretending I'm not
I'm far from lonely
And it's all that I've got

I'll be just fine
Pretending I'm not
I'm far from lonely
And it's all that I've got

And it's all that I've got
Yeah, it's all that I've got

"Cut Up Angels"

If we cut out the bad
Well then we'd have nothing left
Like I cut up your mouth
The night I stuffed it all in
And you lied to the Angel
Said I stabbed you to death
If we go at the same time

They'll clean up the mess

I lost my head
You couldn't come
This lust to my brain almost feels like a gun

Watched you bite into the bottle
Watched me kick out the chair
Let you chew up the glass
And laughed as you just hung there
I have thought of rose petals mostly perfect and pure
Then I thought of your petals
And the abuse they've been through

I lost my head
You couldn't come
This lust to my brain almost feels like a gun
You lost your head
I couldn't come
This lust to my brain almost feels like a gun
Whoa whoa

I told the angels
Cant stay in heaven
I asked the devil
If we cut out the bad well then we'd have nothing left
Like I cut up your angels
Yeah you stabbed me to death

I lost my head
You couldn't come
This lust to my brain almost feels like a gun
You lost your head
I couldn't come
This lust to my brain almost feels like a gun

"Back Of Your Mouth"

The worms they crack like words and
turn you teeth up and run, leave.
I'm all drinks.
so I clean
I fall down.
should I fit these.
so politely.
all praises sugar coated.
looking between her mouth and mine.
I got scars from dirty scratches.
scabs and ashes.
the back of your mouth.

In this exchange I often touch myself,
so go ahead and let those dirty words pass right through me.
just passing through.
not stopping by.
not saying hi.
girl you can't kill a liar.

You throw up everywhere now.
enjoy the cup and coffee.
I am the puddle.
make me.
dancing hoes and stagnance. okay.
these words are sugar coated.
crossed up they still cut out to touch.
got scars from dirty scratches.
scabs and ashes.
the back of your mouth.

In this exchange I often touch myself,
so go ahead and let those dirty words pass right through me.
just passing through.
not stopping by.
not saying hi.
girl you can't kill a liar.

You can't kill...

In this exchange I often touch myself,
so go ahead and let those dirty words pass right through me.
just passing through.
not stopping by.
not saying hi.
girl you can't kill a liar.

"Zero Mechanism"

it takes more, it takes more
it takes more
and now that i'm willing to beg
now it stands right in front of me
dig this dirt out from under my nails
and I feel this, picture my face
sad to say not today
it just, it takes more

it takes more, it takes more,
it takes more, takes more
it destroys me, i'm sitting here
it destroys me, i'm just sitting here
destorys me, i'm sitting here

it destroys me, i'm sitting here

it destroys me, i'm sitting here
it destroys me, i'm just sitting here
destroys me, i'm sitting here
it destroys me, i'm just sitting here

and it stands right in front of me
dig this dirt out from under my nails
and I feel this, picture my face
its sad to say not today
it just, it takes more

i'm just sitting here more
and picture my face, it takes more
its sad to say, i feel this way
it takes...

"It Could Be A Good Excuse"

Blind on a ledge, not a thing, not a...
Road of broken heart, not a thing. Not at all.
You know...

Of things we hear, nothing's there.. nothing.
She said "Why do you watch me?" said 'why?'
You know..

Maybe a good excuse not to give a fuck. But I... Care. For You. Said alright. Could be a good excuse.

Full of love, just returned, just when..
You lied, it hurt and your pride... your pride.
Hurt. Pride.

And it is... not a thing...not a...you. It hurt. Nothing. And me. It is...these games.. are nothing.

Maybe a good excuse not to give a fuck. But I... But I... But I... But I... But I don't want you. And don't want me.
These. games. are nothing.

"801 Underground"

Kids round here got a different way of doin' it
lock into a dream and insist on pursuin' it
Times are getting tougher and the choice is do or die
We play it fuckin loud, how we want and reply
So turn up the stereo and grab the mic

cause I know I'm alright
got my friends on the side
so stand up stand tall
let 'em know who you are
We're the band,
we're the band (who's) gonna sing
Here we goooooo
Who said LA is the only place that music can rock?
Throwin' it like a gun and we're ready to correct 'em
We hit the stage and we tear it up like dynamite
The music stays tight people goin' through the night
The people stand around in a state of confusion
This place is distorted and we're ready to confess itwe aim to please and we seek to fuckin' kill
And the ones underground ain't goin' down, never will

We are the underground
And you can't shut us down
Cause we come from underground
Ain't nothin' gonna hold us down
